No-sew Friendship Star pattern

Material: white background material, 12 inch square or a white apron, red turkey material given to new members, double sided fusing like Wonder Under

1. Fuse a five inch square of red material to double sided "Wonder Under" fusing
2. Use the black and white pattern for the friendship star pattern to cut the red material into 12 triangles and one square.
3. Arrange all 12 triangles and one square pieces to form the Friendship star, fusible side down, onto the white material or directly onto a white apron. Follow the picture below.
4. Press to fuse the star. Use the directions that come with the fusible material.

Pattern for red material

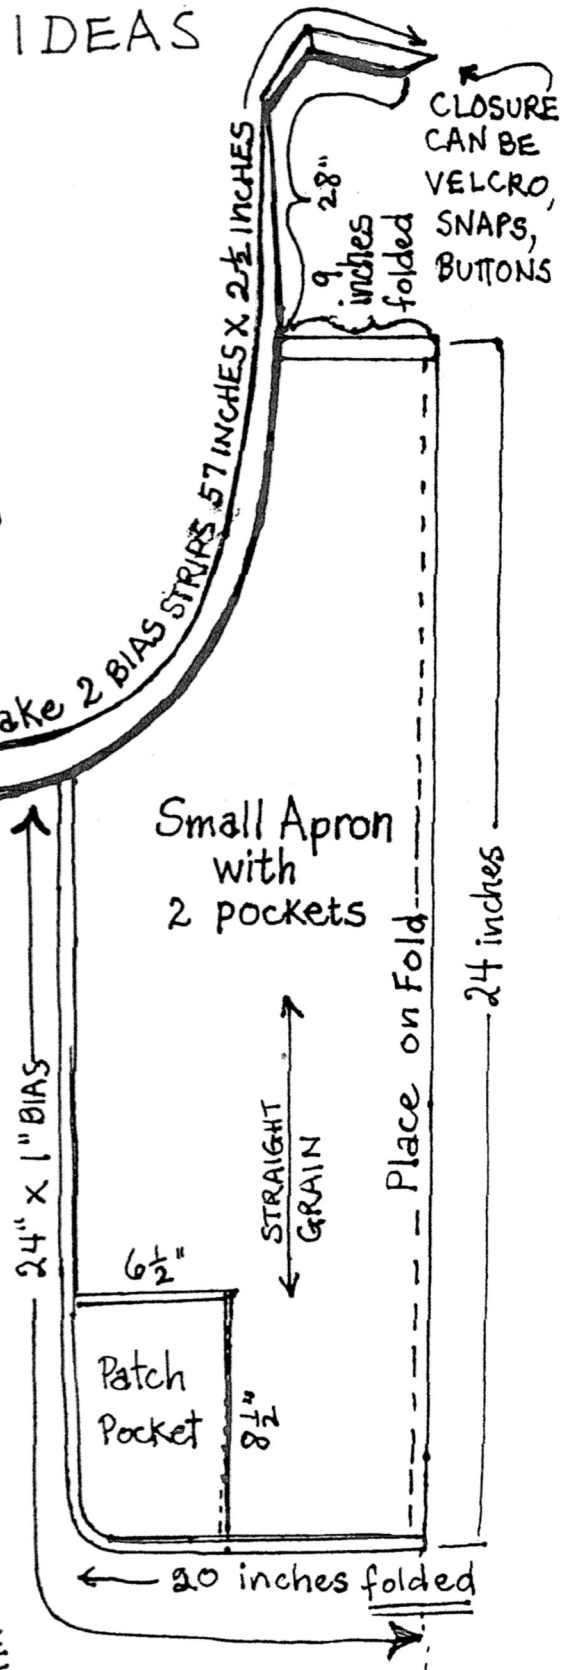

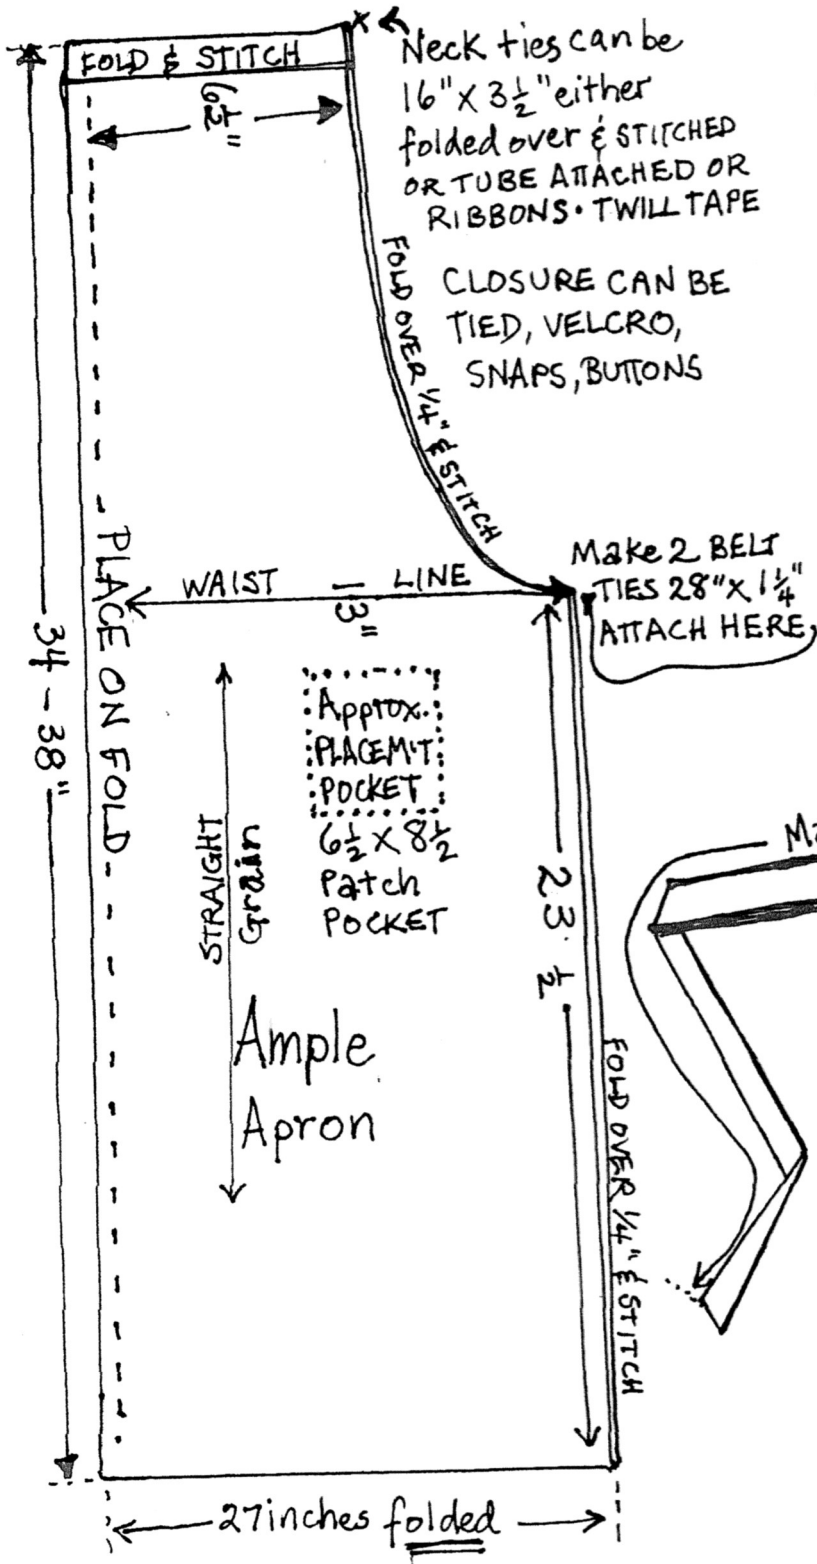

Pierced Friendship Star

5. Optional: machine applique around all the red material.

All guild members are required to wear an apron with the friendship star on it when volunteering at the Quilt Show held in even years.
